

ABSTRACT OF THE DISCLOSURE

00040. Apart from concrete existence the theoretical concept of my intellectual property is one of defense and/or protection.

00041. In the abstract, the spiritual (not of flesh or material matter) force drawn upon, and/or drawn out from my inspired (of God's breath) mind of invention (imagination) is, the principles of the Most High's "Grace and Mercy" towards fornicators and adulterers.

00042. "Grace and Mercy" manifested as "Dermawear" (Derm-a-Wear): Derma equals skin; wear equals an act or manner of covering—hence, protection. Protective skin wear against sexually transmitted diseases of the male epidermic pubic and scrotal region.
